Dear Commissioner

COPYRIGHT AND THE DIGITAL ECONOMY (DP 79)

This supplementary submission is made on behalf of the Australian Information and Communications Technology in Education Committee (AICTEC). It supplements the submission made by AICTEC to the ALRC on 28 February 2013.

AICTEC is a national, cross-sectoral committee responsible for providing advice to all Australian Ministers of Education and Training on the effective and efficient utilisation of information and communications technologies in Australian education and training.

AICTEC has representation from the schools, vocational education and training and higher education sectors, and includes both public and private education and training sector interests. Through its broad membership, the Committee represents the information and communication technology interests of each State and Territory school and vocational, education and training (VET) system, the non-government school sector, higher education, and the Australian Government.

Endorsement of CAG Schools and CAG TAFE submissions

AICTEC supports the supplementary submissions made by CAG Schools and CAG TAFE in relation to the Discussion Paper. AICTEC agrees with those submissions and endorses the recommendations of CAG Schools and CAG TAFE.

Further information

If you have any questions or if we can provide any additional information in relation to this submission, please do not hesitate to contact me.

Yours faithfully

Victoria Johnson
