Q13:

Primary schools should hold classes to teach children how to safely and effectively search for information on the internet. Parents should monitor internet activity at home if they feel their children are at risk.

Q14:

It should not be controlled.

Q15:

Q16:

Q17:

Yes

Q18:

Q19:

Q20:

Q21:

The Refused Classification category should be abolished. Amongst the worldwide entertainment community our country is laughed upon for its censorship. It is this and the fact that our government feels the need to treat the adult population as children makes me feel ashamed to call myself an Australian.
