re CLASSIFICATION REVIEW SUBMISSIONS

I have read and understood the recent submission made the ARLC from The Arts Law centre of Australia.

I am in complete agreement with this submission.

Further, I should indicate that I have substantial experience as an arts educator [over 25 years experience at tertiary / university level lecturing in the studio areas of painting, drawing and printmedia]. i am also a professional artist, exhibiting work publically since 1978, with 18 solo exhibitions, innumerable group showings, and work collected by most public collections within Western Australia.

Thank you for the opportunity to voice my opinion
