Q1:

Yes

Q2:

To classify and restrict content that is unsuitable for people that are below the age of an adult (18+). Above 18 people should be able to decide for themselves if content is unsuitable for them.

Q3:

No if the content is the same it should not matter what technology it is delivered with.

Q4:

Well is sort of too late by then. However, particular content may need to be reclassified if it is subject to multiple complaints. But I think it's a good idea for content to be classified, it helps parents to filter what their child sees.

Q5:

Yes and yes.
