Q1:

In a sense We need a better rating system all together, some games which are classified as MA15+ are a far push from what a MA15+ movie is in the same contents.

Q2:

To gain a batter rating system so that all content maybe viewed by the ages appropriate alike and to make sure that people under these ages can not gain access to these materials.

Q3:

No, the content should be rated but rated appropriately. As it is not the job of the manufacturer to classify content which isn't even made by them.

Q4:

No, ALL content should be classified as this would help sales not going to minors.

Q5:

Yes, as this will help parents and adults alike to make sure there child is getting the right content for his/her age.
