Q1:

A new framework must be developed so too align all media formats and apply classification to all media. No RC of content that is not RC in other developed countries such as the UK and US.

Q2:

1. To ensure the ideals of our democratic society by allowing adults the freedom to access any material that they so wish.
2. To clearly label any adult content so that parents can make informed decisions on what material they purchase for their children.
3. To ensure that all content is made available and put into the correct rating. No more "shoe-horning" content so it fits into MA15+. Any adult content needs to be placed correctly into a new category for R18+.
4. To re-establish an accurate classification system as the current one is simply ignored by parents. In the case of an R18+, this is a striking rating and stands out; its introduction would re-establish the affect and public awareness of the system.

Q3:

No. There is no difference between the effects of different visual media. Interactivity does not change the affect of material content.

Uniformity accross all media for ease of classification of recognition.

Q4:

Not all content needs to be classified. There is always going to be someone complaining about something; if the complaint has true substance and evidence behind it; then yes classification requirment may need to be assessed. Complaints need to be substantial and based on evidence; extremist "censorship supportist" style complaints should not be regarded.

Q5:

Content should only be judged on the actual content; not its potential. Potential is a completely subjective and

Q20:

No the MA ratings are confusing. the system is generally disregarded except for R18+

Q21:

An R18+ for all media is required. Adults need the freedom to access all content, and adult material should be placed accordingly. No shoe horning of content into MA15+ since an R18+ doesn't exist.

Q22:

All should be identical with identical logos and rules across all media.

Q23:

Yes absolutely

Q24:

None. No content should be mandatory prohibited.

Q25:

No. Too much is placed in RC. particularly video games and politically sensitive issues such as abortion euthanasia etc

Q27:

yes a uniform approach and more of a majority decision; not a unanimous one

Q28:

Yes in order to achieve. Uniformity across all formats must be enforced. R18+ needs to exist for all formats.
