Q1:

Yes, namely video-games.

Q2:

Create an R18+ rating so games can be classified properly.

Q3:

No it shouldn't. As a user of just about every medium to access content I can confidently say that they should all be classified equally.

Q4:

No it should all be classified equally.

Q5:

Absolutely If it's not suitable for certain ages it shouldn't be classified so. If it is something is only suitable for adults give us the rating so only adults can have access to it. If content is designed for children and suitable for children

Q6:

No classify it equally.
