

CI 2426 J Voysey

First name:

John

Last name:

Voysey

Q1:

The focus should be on a new framework, with a view to standardising classification across all classified media - i.e. the same classification standards should apply to television, movies, computer games, etc.

Q2:

Standardising classification across all forms of classified media.

Bringing Australia's classification framework in line with that of other developed countries - e.g. by including an R18+ classification for computer games.

Q3:

No.

Q4:

No.
