

CI 2431 A Radke

First name:

Andrew

Last name:

Radke

Q1:

Focus on improving key elements of the existing framework

Q2:

Allowing individuals to make informed decisions about what they, or minors under their care, may choose to watch, play, etc.

Q3:

No

Q4:

Q5:

Q6:

Q7:

No

Q8:

Q9:

Ideally it should not be affected by the size of the audience but realistically at a certain point classification becomes an inefficient use of finite resources.

Q10:

Q11:

Q12:

Q13:

This is best handled by parents and guardians controlling where and how potential access to inappropriate content occurs. This is a responsibility of modern parenting with Internet access in the home just as previous new technologies have also caused similar changes.
