Q21:

An R18+ rating for computer games and games played on different gaming consoles. This is needed not only to allow adult australians the right to choose which games they play but also to protect minors from games they shouldn't have access to.

Q22:

Q23:

Yes. G, PG, PG13, M, MA and R18 for everything.

Other comments:

Just add an R18 game rating so that Australians can play the games they want to play such as Left 4 Dead 2.
