

CI 538 D Giddings

First name: Dawn

Last name: Giddings

Q1:

Q2:

It is important that community standards are given consideration in all classification. More accurate detail and information should be readily available on the nature of classified material. Disallow the distribution of material that undermines community standards or has the potential to incite violence and crime . To protect children from unsuitable material

Q3:

Q4:

Q5:

Q6:

Q7:

Any artwork that sexualises or exploits children in any way should in no way be given classification

Q8:

Yes As many of these demean women and are too readily available in Australia

Q9:

No If something is violent,demeaning, exploitive or offensive should be subject to classification

Q10:

No If the content should in any way contribute to anitsocial behaviour whether accessed in public or in private it should be classified

Q11:

Q12:

Mandatory filtering of the internet at ISP level

Q13:

That all Internet Providers [ISP's] provide "clean"Feed Filters to all their users

Q14:

All Restricted R publications should be enclosed in plastic wraps , sold in an adult only area

Q15:

Q16:

Q17:

Q18:

Q19:

Q20:

Q21:

X18+ category should be abolished , the rest remain Films depicting sexual acts,demeaning women,or of an exploitative nature should be Refused Classification. As interactive violence can lead to violent actions no R18+ classification should be introduced

Q22:

Q23:

Q24:
