Q1:

New framework please, the current one is clearly NOT working.

Q2:

Let responsible, informed people who have actually grew up with gaming make the decisions.

Q3:

no.

Q4:

all content should be classified regardless. it is only fair.

Q5:

games should be classified as it is. no speculation of the potential.

Q6:

no, all content should be looked at fairly, from the player's experience.

Q7:

only as an optional requirement to speed up the outcome. full gameplay experience should be the main deciding factor.

Q8:
