Subject: Keep our Catholic schools with Christian values
Date: Thursday, 23 February 2023 6:31:01 AM

Hi,

Im expressing my concern that political issues and societal changes is finding its way to impact our Catholic education.

Catholic and other religious schools should be left out of any current political and social trends.

We Christians pay for our children to be guided and taught these values.

We have state schools for a reason. Why should these issues be imposed on my children. We choose the Christian way of life and strongly oppose any changes.

Regards
