Dear ALRC

Please find the brief submission from the Australian Catholic Coalition for Church Reform

The Australian Catholic Coalition for Church Reform CCCR supports the Catholics for Renewal submission in expressing concern that legislation should not protect the teaching in schools of religious doctrines that could damage the well-being and self-esteem of LGBTIQ+ students or, in any case, protect religious teachings that deny individual rights and freedoms. ACCCR is a coalition of 17 Catholic groups throughout Australasia committed to Church reform.
