Thank you for the opportunity to respond to your Consultation Paper 'Religious Educational Institutions and Anti-Discrimination Laws 23/01/2023'. On behalf of *Concerned Catholics Tasmania*, I submit that:

Concerned Catholics Tasmania (CCT), a Member Group *Australasian Coalition for Catholic Church Reform (ACCCR)* fully supports the *Catholics for Renewal* submission in expressing concern that legislation should not protect the teaching in schools of religious doctrines that could damage the well-being and self-esteem of LGBTIQ+ students or, in any case, protect religious teachings that deny individual rights and freedoms. Thank you.

Dr Patricia Hindmarsh (on behalf of *Concerned Catholics Tasmania*)
