Subject: Law reform in private schools

Hi,

My name is Kylie Moody. I am a mother of 5 school aged children. They currently attend a private Christian school of which we as a family sacrifice significantly to send them.
I have recently become aware of the review to change the laws around private Christians schools maintaining their right to remain true to their beliefs and ethos (which is the main point of having a Private Christian's school as with a private Islamic school).
Please register my absolute protest to change of these laws.
We live in a free country, and families should maintain the right to choose - and pay- for private education otherwise our country is no longer fundamentally free.

Please listen to the voices of everyone- not just some.

Blessings and regards

Kylie Moody
