Subject: Proposed surrogacy law changes

[You don't often get email from [REDACTED]. Learn why this is important at <https://aka.ms/LearnAboutSenderIdentification>]

Surrogacy should be a gift, not a product. Any commercial approach of legalising illegal activity should be denied.

There are many reasons for a couple being unable to conceive. Others may be unable to safely carry a child to birth. Surrogacy is a gift to those who can't safely carry a child. It should not be an alternative incubator for those who want to bypass the usual process and are happy to pay for the privilege.
